

### DESCRIPTION

A small set designed for children. Simple to overcome the bridge, bridge with belts and a low slide will make even babies who have just learned to walk feel safe while playing. An additional advantage of this set is manipulation with a maze and an interlace that help children improve their manipulative and motor skills while having fun.

### INFORMATION

|                          |                    |
|--------------------------|--------------------|
| Number of users          | 9                  |
| Age range                | 0 - 14             |
| Device dimensions [m]    | 4.75 x 2.63 x 1.85 |
| Compliance with the norm | EN 1176            |
| Spare parts              |                    |

### SAFETY SURFACE

| Zone | Max height of fall [m] | Area [m <sup>2</sup> ] | Perimeter of safety zone [m] |
|------|------------------------|------------------------|------------------------------|
| A    | 1                      | 29                     | 21                           |
| B    |                        |                        |                              |
| C    |                        |                        |                              |
