

DESCRIPTION

The Retro Set 202 is a harmonious blend of classic and modern, offering children many opportunities for play. This set features a structure with two platforms connected by a climbing wall and a rope net. Children can climb, balance, and slide, supporting the development of their motor skills and coordination. The platforms, made from durable wood, are stable and safe due to proper reinforcement. The slide, made from HDPE panels, constructed from recycled fishing nets, is not only eco-friendly but also highly durable. The natural wood used in the construction blends perfectly with the surroundings, creating an aesthetic and welcoming play area. The conservation methods used ensure durability and resistance to w...
